

40kg Oil Liquid Filling And Capping Machine Automatic Liquid Bottle Filling Machine

Our Product Introduction

for more products please visit us on sg-packs.com

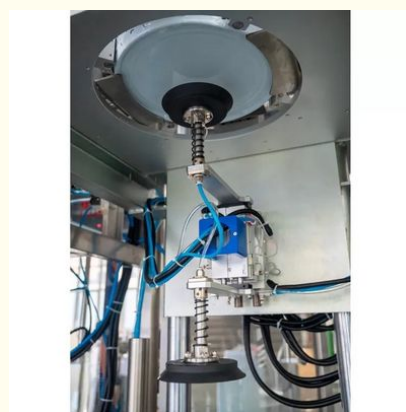

Basic Information

- Place of Origin: CHINA
- Brand Name: 40kg Oil Liquid Filling And Capping Machine Automatic Liquid Bottle Filling Machine
- Certification: CE
- Model Number: SG50F
- Minimum Order Quantity: 1
- Price: 10000USD
- Packaging Details: wooden box
- Delivery Time: 3months
- Payment Terms: TT
- Supply Ability: 10per year

Product Specification

- Product: 40kg Oil Liquid Filling And Capping Machine Automatic Liquid Bottle Filling Machine
- Air Consumption: 0.1m³/min
- Power Supply: 220V/50Hz
- Filling Accuracy: ±1%
- Air Pressure: 0.4-0.6MPa
- Material: Stainless Steel
- Control System: PLC
- Touch Screen: 7 Inch
- Highlight: 40kg hot liquid filling machine, hot liquid filling machine 220V, 550Hz high viscosity liquid filling machine

Product Description

40kg Oil Liquid Filling And Capping Machine Automatic Liquid Bottle Filling Machine

Product Description:

Powered by a 220V/50Hz power supply, the Liquid Filling Machine Series is a high-quality and efficient machine. The filling accuracy of this machine is unparalleled, making it an ideal choice for use in industries where precision is of utmost importance. The Chemical Liquid Filling Machine Series is perfect for water-based paint volumetric liquid filling, ensuring that your products are filled to the exact volume required.

The Control System of the Liquid Filling Machine Series is top-of-the-line and features a PLC, allowing for easy operation and control. This ensures that your production process is streamlined and efficient, saving you time and money. The pouring and capping systems of this machine are also state-of-the-art, ensuring that your products are filled and sealed quickly and efficiently.

The hydraulic liquid filling machines in the Liquid Filling Machine Series are designed to meet the demands of any liquid product filling operation. Whether you are filling bottles, cans, or any other type of container, this machine series is the perfect choice. With its high accuracy and control, you can be assured that your products are filled to the exact volume required, every time.

In summary, the Liquid Filling Machine Series is the perfect solution for all your liquid up-filling machinery needs. With its high accuracy and control, this machine series is perfect for use in industries that deal with liquids on a large scale. So, if you are looking for a reliable and efficient machine for your liquid filling operations, look no further than the Liquid Filling Machine Series.

Technical Parameters

Filling Quantity	≤40kg	Barrel Specification	≤ diameter 300* height 400mm
Filling Index Value	1g, 2g,5g,10g	Filling Speed	8-25pcs/Min
Power	AC380/220 50HZ	Air Supply	0.6 MPa
Weight(kg)	800	Overall Dimension (mm)	2500*1100*2200

Applications:

The equipment is suitable for industrial paint, anticorrosive paint, floor paint, resin, thinner, curing agent, varnish, shoe glue, all-purpose glue, spray glue, printing ink, lubricating oil, agriculture, daily chemical, etc

Customization:

Support and Services:

The Liquid filling machine series is a high-quality product that is designed to meet the needs of various industries such as pharmaceuticals, food and beverage, cosmetics, and chemical industries. The product comes with multiple features that make it easy to use and maintain. Our team of experts is always ready to provide technical support and services to ensure that our customers get the best out of the product.

Our technical support and services include:

Installation and commissioning

Training for operators and maintenance personnel

Regular maintenance and servicing

Upgrades and modifications

Troubleshooting and repair

Remote technical support

We are committed to providing our customers with the best technical support and services to ensure that they get the most out of their Liquid filling machine series. Our team is always available to answer any questions and provide support whenever needed.

Packing and Shipping:

PACKING&SHIPPING

FAQ:

Q: Is this machine certified?

A: Yes, this machine is certified with CE.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1.

Q: How is this machine packaged for shipment?

A: This machine is packaged in a wooden box for safe and secure shipment.

Q: What are the payment terms for this product?

A: The payment terms for this product are TT (Telegraphic Transfer).
