

5L Fully Automatic Drum Filling Machine Double Head Liquid Filling Capping Automatic Filling And Capping Machine

Our Product Introduction

for more products please visit us on sg-packs.com

Basic Information

- Place of Origin: china
- Brand Name: SG
- Certification: CE
- Model Number: SG30FY-A
- Minimum Order Quantity: 1
- Price: 10000usd
- Packaging Details: wooden box
- Delivery Time: 30days
- Payment Terms: TT
- Supply Ability: 1set/week

Product Specification

- Product Name: 5L Fully Automatic Drum Filling Machine Double Head Liquid Filling Capping Automatic Filling And Capping Machine
- Operation: Touch Screen
- Application: Liquid Products
- Filling Volume: Adjustable
- Function: Filling And Capping
- Control System: PLC Control
- Capping Type: Screw Cap
- Type: Fully Automatic
- Speed: High Speed
- Highlight: fully automatic filling and capping machine, fully automatic filling and packaging machine

Product Description

5L Fully Automatic Drum Filling Machine Double Head Liquid Filling Capping Automatic Filling And Capping Machine

Product Description

- VOC waste gas collection, more environmental protection
- Double head filling
- Single head cover
- Single head gland
- 304 frame tempered glass

Application:

The equipment is suitable for industrial paint, anticorrosive paint, floor paint, resin, thinner, curing agent, varnish, shoe glue, all-purpose glue, spray glue, printing ink, lubricating oil, agriculture, daily chemical, etc

Function:

- Automatic filling, automatic capping
- Instant working status indication and clock display
- Digital set input weight, 10 formulations stored
- Tare weight detection start a full range of bucket filling
- Gross/net weight (automatic peeling per barrel) filling method
- Automatic zero tracking, bucket quantity and weight accumulation
- Start automatically reset, power protection device
- Emergency stop protection device
- The factory settings can be restored by wrong operation
- With fault detection function, easy maintenance
- Flexible movement, explosion-proof configuration, simple operation
- Weight error automatic correction

Product Parameters

Filling Quantity	≤40kg	Barrel Specification	≤ diameter 300* height 400mm
Filling Index Value	1g, 2g,5g,10g	Filling Speed	8-25pcs/Min
Power	AC380/220 50HZ	Air Supply	0.6 MPa
Weight(kg)	800	Overall Dimension (mm)	2500*1100*2200

Applications:

This automatic tube filling and sealing machine is perfect for various applications, such as cosmetics, pharmaceuticals, and food industries. It is capable of filling and capping tubes, bottles, and jars, making it highly versatile and multi-functional.

Another great feature of this machine is its blowing filling capping capability. It can blow bottles, fill them with the product, and seal them with a cap. This process is highly efficient and reduces the time needed to complete the entire process.

With a minimum order quantity of 1, this product is perfect for small to medium-sized businesses. It also comes with a wooden box packaging, ensuring that the product is protected during transportation and storage.

The power supply of this machine is 220V/380V, 50Hz/60Hz, making it suitable for different regions worldwide. The payment terms for this product are TT, making it easy for customers to purchase and acquire the machine.

Overall, the 200L IBC fully automatic multi-functional opening, filling, and capping production line is a reliable and efficient machine that can handle various applications. Its automatic capabilities, blowing filling capping feature, and high-quality materials make it an excellent investment for businesses looking to improve their production process.

Customization:

Product Customization Services:

Brand Name: 5L Fully Automatic Drum Filling Machine Double Head Liquid Filling Capping Automatic Filling And Capping Machine

Certification: CE

Minimum Order Quantity: 1

Packaging Details: wooden box

Payment Terms: TT

Capping Type: Screw Capping

Filling Volume: 50-1000ml

Air Pressure: 0.6-0.8MPa

Filling Type: Piston Filling

Power Supply: 220V/380V, 50Hz/60Hz

Compatible with:

Blowing Filling Capping Machine

Automatic Powder Filling Machines

Automatic Tube Filling And Sealing Machine

Support and Services:

The Fully automatic filling and capping machine is a sophisticated piece of equipment that requires technical support and services to ensure optimal performance. Our team of experts is available to provide the following:

Installation and commissioning services

Training on machine operation and maintenance

Technical support for troubleshooting and problem-solving

Regular maintenance and servicing to prevent breakdowns and extend machine lifespan

Supply of spare parts and accessories

Upgrades and customizations to meet specific requirements

We are committed to providing our customers with the highest level of support to ensure maximum uptime and productivity of their Fully

automatic filling and capping machine.

Packing and Shipping:

Product Packaging:

The fully automatic filling and capping machine will be packed in a sturdy cardboard box to ensure its safety during transportation.

The box will be sealed with tape and labeled with the product name, model number, and other necessary information.

The package will also include a user manual and any additional accessories necessary for setup and installation.

Shipping:

The fully automatic filling and capping machine will be shipped through a reliable courier service.

The shipping cost will be calculated based on the destination and weight of the package.

The estimated delivery time will be communicated to the customer at the time of purchase.

The customer will receive a tracking number to track the status of their shipment.

FAQ:

Q1: What is the brand name of the filling and capping machine?

A1: The brand name of the filling and capping machine is **5L Fully Automatic Drum Filling Machine Double Head Liquid Filling Capping Automatic Filling And Capping Machine**

Q2: Is the filling and capping machine certified?

A2: Yes, the filling and capping machine is certified with CE.

Q3: What is the minimum order quantity for the filling and capping machine?

A3: The minimum order quantity for the filling and capping machine is 1.

Q4: What are the packaging details for the filling and capping machine?

A4: The packaging details for the filling and capping machine are wooden box.

Q5: What are the payment terms for the filling and capping machine?

A5: The payment terms for the filling and capping machine are TT.
