

10L Bucket Automatic Filling And Capping Machine For Square Barrels

Our Product Introduction

for more products please visit us on sg-packs.com

Basic Information

- Place of Origin: china
- Brand Name: SG
- Certification: CE
- Model Number: SG10FY-A
- Minimum Order Quantity: 1
- Price: 10000usd
- Packaging Details: wooden box
- Delivery Time: 30days
- Payment Terms: TT
- Supply Ability: 1set/week

Product Specification

- Features: Fully Automatic, High Speed, Accurate Filling And Capping
- Product Name: 10L Bucket Automatic Filling And Capping Machine For Square Barrels
- Power Supply: 220V/380V, 50/60Hz
- Bottle Size: Diameter: 20-100mm, Height: 50-250mm
- Filling Type: Piston Filling
- Control System: PLC Control
- Capping Type: Screw Capping
- Material: Stainless Steel
- Highlight: 60hz filling and capping machine,
60hz filling and packaging machine,
piston filling filling and capping machine

Product Description

10L Bucket Automatic Filling And Capping Machine For Square Barrels

Product Description:

The FC-2000 model of this Automatic Filling and Packing Machine is equipped with advanced technology that allows for high efficiency and accuracy when filling and capping bottles. The machine operates with an air pressure range of 0.6-0.8MPa, ensuring that your products are filled and sealed with precision every time.

The Screw Capping feature of this Automatic Tube Filling and Sealing Machine is designed to provide a secure seal on bottles, preventing any leaks or spills during transportation or storage. The capping diameter ranges from 20-50mm, making it suitable for a wide variety of bottle sizes and shapes.

One of the main advantages of the Fully Automatic Filling and Capping Machine is its user-friendly operation. The machine is equipped with a user-friendly interface that allows for easy adjustments of filling volumes, capping force, and other parameters to suit your specific product needs.

This Automatic Filling and Packing Machine is also equipped with advanced safety features to ensure the safety of operators and prevent any accidents or mishaps. The machine is designed with a sturdy frame and components, ensuring its durability and longevity.

In conclusion, if you are looking for a reliable and efficient solution for your liquid filling needs, the Fully Automatic Filling and Capping Machine is the perfect choice for you. With its advanced technology, user-friendly operation, and safety features, this machine is the ideal solution for any product manufacturer looking to increase their production efficiency and accuracy.

Technical Parameters:

Filling Quantity	≤40kg	Barrel Specification	≤ diameter 300* height 400mm
Filling Index Value	1g, 2g,5g,10g	Filling Speed	8-25pcs/Min
Power	AC380/220 50HZ	Air Supply	0.6 MPa
Weight(kg)	800	Overall Dimension (mm)	2500*1100*2200

Applications:

The equipment is suitable for industrial paint, anticorrosive paint, floor paint, resin, thinner, curing agent, varnish, shoe glue, all-purpose glue, spray glue, printing ink, lubricating oil, agriculture, daily chemical, etc

Customization:

Brand Name: 10L Bucket Automatic Filling And Capping Machine For Square Barrels

Certification: CE

Minimum Order Quantity: 1

Packaging Details: wooden box

Payment Terms: TT

Capping Diameter: 20-50mm

Model: FC-2000

Power Supply: 220V/380V, 50Hz/60Hz

Air Consumption: 0.5m³/min

Capping Type: Screw Capping

This Filling And Capping Machine is also known as Blowing Filling Capping Machine and Automatic Tube Filling And Sealing Machine.

Support and Services:

Our Fully automatic filling and capping machine is designed for high-speed and efficient production of various liquids and viscous products. Our technical support team is available to assist with any questions or issues related to the installation, operation, and maintenance of the machine.

We offer a range of services for our Fully automatic filling and capping machine, including:

On-site installation and commissioning

Operator training

Regular maintenance and servicing

Repairs and replacements of parts

Upgrades and customization options

Our team of experienced technicians and engineers is dedicated to ensuring the optimal performance and reliability of your machine.

Contact us today to learn more about our technical support and services.

Packing and Shipping:

Product Packaging:

The fully automatic filling and capping machine will be packaged in a sturdy wooden crate to ensure safe transport and delivery. The machine will be securely fastened and protected with foam padding to prevent any damage during shipping.

Shipping:

The machine will be shipped via a reliable and trusted courier service to ensure timely and efficient delivery. The shipping cost will be calculated based on the destination of the machine. Customers will be provided with a tracking number so they can monitor the progress of their shipment.

FAQ:

Q: What is the brand name of the filling and capping machine?

A: The brand name is 10L Bucket Automatic Filling And Capping Machine For Square Barrels

Q: Is the product certified?

A: Yes, it is CE certified.

Q: What is the minimum order quantity?

A: The minimum order quantity is 1 unit.

Q: How is the product packaged?

A: The product is packaged in a wooden box.

Q: What are the payment terms?

A: The payment terms are TT (Telegraphic Transfer).
