

## Fully Automatic Filling And Capping Machine For Streamlined Filling And Capping

Our Product Introduction

for more products please visit us on sg-packs.com

### Basic Information

- Place of Origin: china
- Brand Name: SG
- Certification: CE
- Model Number: SG30FY-A
- Minimum Order Quantity: 1
- Price: 10000usd
- Packaging Details: wooden box
- Delivery Time: 30days
- Payment Terms: TT, T/T

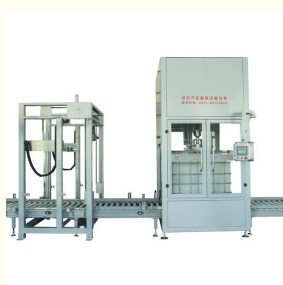

### Product Specification

- Product Name: Fully Automatic Filling And Capping Machine For Streamlined Filling And Capping
- Function: Filling And Capping
- Type: Fully Automatic
- Application: Bottles
- Control System: PLC Control
- Air Pressure: 0.6-0.8Mpa
- Capping Type: Screw Capping
- Operation: Fully Automatic
- Highlight: fully Automatic Filling And Capping Machine, 0.8mpa Automatic Filling And Capping Machine odm, 0.8mpa fully automatic filling and capping machine

## Product Description

### Fully Automatic Filling And Capping Machine For Streamlined Filling And Capping

#### Product Description:

The Blowing Filling Capping Machine is made of high-quality materials that are durable and long-lasting. It is easy to operate and maintain, making it the perfect addition to any production line. The machine is also highly customizable, allowing you to adjust the filling volume and capping diameter to suit your specific needs.

The machine's air pressure ranges from 0.6-0.8MPa, making it a highly efficient and reliable machine. Its capping diameter ranges from 20-50mm, ensuring that it can handle a wide range of bottle sizes. The machine's air consumption is only 0.5m<sup>3</sup>/min, making it an energy-efficient option for your production line.

The Blowing Filling Capping Machine is an all-in-one solution for your production needs. It is capable of blowing, filling, and capping all in one streamlined process. This not only saves time but also ensures consistent and accurate results.

Overall, the Blowing Filling Capping Machine is a game-changer in the production industry. Its advanced technology and customizable features make it the perfect choice for any business looking to streamline their production line and increase efficiency.

#### Technical Parameters:

Filling Quantity	≤40kg	Barrel Specification	≤ diameter 300* height 400mm
Filling Index Value	1g, 2g,5g,10g	Filling Speed	8-25pcs/Min
Power	AC380/220 50HZ	Air Supply	0.6 MPa
Weight(kg)	800	Overall Dimension (mm)	2500*1100*2200

#### Applications:

The Automatic Powder Filling Machines is another excellent feature of this product. The machine is efficient and reliable, ensuring that the powder is filled accurately and quickly. It is perfect for filling a wide range of products, including spices, detergents, and powders used in the pharmaceutical industry. The machine can fill and cap bottles of various sizes and shapes, making it a versatile product.

The Automatic Tube Filling And Sealing Machine is an essential feature of the 200L IBC fully automatic multi-functional opening, filling and capping production line. The machine is perfect for filling and sealing tubes of various sizes, including toothpaste, ointments, and creams. The machine uses advanced technology to ensure that the tubes are filled accurately and sealed correctly. It is an essential tool for the pharmaceutical and cosmetic industries.

The product is designed to cater to various occasions and scenarios, including small and large-scale production. The machine is perfect for use in factories, laboratories, and other industries that require efficient and reliable filling and capping machines. The minimum order quantity for this product is one, and it comes packaged in a wooden box for safe transportation.

The power supply for the product is 220V/380V, 50Hz/60Hz, making it suitable for use in different locations. The filling volume ranges from 50-1000ml, giving users the flexibility to fill various bottle sizes and shapes. The model number for this product is FC-2000, and it requires an air pressure of 0.6-0.8MPa and air consumption of 0.5m<sup>3</sup>/min.

Payment for this product is via TT, and the product is ideal for anyone looking for an efficient and reliable filling and capping machine. The product is perfect for filling and capping different products, including liquids, powders, and tubes, making it a versatile product for several industries.

#### Customization:

Product Customization Services for the Blowing Filling Capping Machine:

Brand Name: fully automatic multi-functional opening, filling and capping production line

Certification: CE

Minimum Order Quantity: 1

Packaging Details: wooden box

Payment Terms: TT

Filling Volume: 50-1000ml

Capping Type: Screw Capping

Material: Stainless Steel

Capacity: 2000 Bottles Per Hour

Air Consumption: 0.5m³/min

Our Automatic Powder Filling Machines and Automatic Filling And Capping Machine can be customized according to your specific requirements. Contact us for more details.

## Support and Services:

The Fully automatic filling and capping machine is a sophisticated piece of equipment that requires technical support and services to ensure optimal performance and longevity. Our technical support team is available to assist with any issues that may arise, including troubleshooting, repairs, and maintenance.

We also offer a range of services to ensure that your machine is running at peak efficiency, including:

Installation and commissioning

Operator training

Preventative maintenance

Upgrades and retrofits

Spare parts and consumables

Our goal is to provide exceptional service and support to our customers, helping them to get the most out of their investment in our machinery. If you have any questions or concerns regarding the technical support and services we offer, please do not hesitate to contact us.

## Packing and Shipping:

The fully automatic filling and capping machine will be packed in a sturdy box to ensure safe transportation. All necessary parts and accessories will be included in the package.

Product Shipping:

The product will be shipped via a reliable courier service. The shipping time may vary depending on the destination, but we will provide you with a tracking number so you can track your order. Please make sure to provide accurate shipping information to avoid any delays.

## FAQ:

**Q: What is the brand name of this product?**

A: The brand name is 200L IBC fully automatic multi-functional opening, filling and capping production line.

**Q: Is this product certified?**

A: Yes, this product is certified with CE.

**Q: What is the minimum order quantity for this product?**

A: The minimum order quantity for this product is 1.

**Q: What are the packaging details for this product?**

A: The packaging details for this product are wooden box.

**Q: What are the payment terms for this product?**

A: The payment terms for this product are TT.
