

Auto Inline Capping Machine , Chemical Filling And Capping Machine

Our Product Introduction

for more products please visit us on sg-packs.com

Basic Information

- Brand Name: SG
- Certification: CE
- Model Number: SG30FY-A
- Minimum Order Quantity: 1
- Price: 25000usd
- Packaging Details: wooden box
- Delivery Time: 30days
- Payment Terms: TT
- Supply Ability: 1set/week

Product Specification

- Product Name: Auto Inline Capping Machine , Chemical Filling And Capping Machine
- Product Type: Filling And Capping Machine
- Operation: Touch Screen
- Control System: PLC
- Machine Type: Fully Automatic
- Filling Accuracy: $\pm 1\%$
- Bottle Material: Glass/Plastic
- Capping Type: Screw Cap
- Highlight: fully automatic filling and capping machine,
fully automatic filling and packaging machine

Product Description

Auto Inline Capping Machine , Chemical Filling And Capping Machine

Product Description:

- VOC waste gas collection, more environmental protection
- Double head filling
- Single head cover
- Single head gland
- 304 frame tempered glass

Technical Parameters:

| | | | |
|---------------------|----------------|------------------------|------------------------------|
| Filling Quantity | ≤40kg | Barrel Specification | ≤ diameter 300* height 400mm |
| Filling Index Value | 1g, 2g,5g,10g | Filling Speed | 8-25pcs/Min |
| Power | AC380/220 50HZ | Air Supply | 0.6 MPa |
| Weight(kg) | 800 | Overall Dimension (mm) | 2500*1100*2200 |

Applications:

The equipment is suitable for industrial paint, anticorrosive paint, floor paint, resin, thinner, curing agent, varnish, shoe glue, all-purpose glue, spray glue, printing ink, lubricating oil, agriculture, daily chemical, etc

Customization:

Brand Name: 200L IBC fully automatic multi-functional opening, filling and capping production line

Certification: CE

Minimum Order Quantity: 1

Packaging Details: wooden box

Payment Terms: TT

Filling Volume: 50-1000ml

Material: Stainless Steel

Capacity: 2000 Bottles Per Hour

Power Supply: 220V/380V, 50Hz/60Hz

Filling Type: Piston Filling

Looking for Automatic Powder Filling Machines or Automatic Liquid Bottle Filling Machine? Look no further than our 200L IBC fully automatic multi-functional opening, filling and capping production line. With CE certification and a minimum order quantity of only 1, our product is made of high-quality stainless steel and has a filling volume of 50-1000ml and a capacity of 2000 bottles per hour. Our product comes packaged in a wooden box and payment terms are TT. The filling type is piston filling and the power supply is 220V/380V, 50Hz/60Hz.

Support and Services:

The Fully automatic filling and capping machine is a high-performance product designed to fill and cap various types of containers with liquid products. It is equipped with advanced technology that enables it to handle a wide range of packaging tasks quickly and efficiently. Our technical support and services team is dedicated to ensuring that our customers get the most out of their investment in this product. We offer comprehensive support that includes installation, training, troubleshooting, and ongoing maintenance. Our team of experts is available to answer any questions you may have and to help you resolve any issues that may arise. In addition to our technical support and services, we also offer a range of customization options that allow you to tailor this product to your specific needs. Whether you need additional features, a different configuration, or a specialized application, our team can work with you to create a solution that meets your exact requirements.

Packing and Shipping:

Product Packaging:

The fully automatic filling and capping machine will be safely packed in a sturdy cardboard box.

The box will be sealed and labeled with the product name, description, and handling instructions.

Additional padding and protection will be added inside the box to prevent any damage during shipping.

Shipping:

The product will be shipped via a reputable carrier to ensure timely and secure delivery.

The shipping cost will be calculated based on the destination and weight of the product.

The estimated delivery time will be provided to the customer upon checkout.

FAQ:

Q: Is this machine certified?

A: Yes, this machine is CE certified.

Q: What is the minimum order quantity for this machine?

A: The minimum order quantity for this machine is 1.

Q: How is this machine packaged?

A: This machine is packaged in a wooden box.

Q: What are the payment terms for purchasing this machine?

A: The payment terms for purchasing this machine are TT.
