

## 5L Barrel Liquid Filling Machine Series 4 - 12 Nozzles Volumetric Chemical Filling Machine

Our Product Introduction

for more products please visit us on sg-packs.com

### Basic Information

- Place of Origin: china
- Brand Name: SG
- Certification: CE
- Model Number: SG30FY-A
- Minimum Order Quantity: 1
- Price: 10000usd
- Packaging Details: wooden box
- Delivery Time: 30days
- Payment Terms: TT, D/A, D/P
- Supply Ability: 1set/week

### Product Specification

- Product Name: 5L Barrel Liquid Filling And Capping Machine
- Control System: PLC
- Filling Nozzles: 4/6/8/12
- Suitable For: Liquid Products
- Weight: 2000kg
- Filling Accuracy: Chemical Liquid Filling Machine Series For Water Based Paint Volumetric Liquid Filling Machine
- Air Pressure: 0.4-0.6MPa
- Power Supply: 220V/50Hz
- Highlight: 5l barrel liquid filling machine,  
5l barrel liquid filling machine series,  
5l chemical filling machine

## Product Description

### 5L Barrel Volumetric Liquid Filling Machine Series For Chemical Liquid Filling

#### Product Description:

Designed specifically for liquid products, this liquid up-filling machinery is perfect for a wide range of applications. Whether you're filling barrels with water, juice, or other liquids, this machine can handle it all. And thanks to its powerful hydraulic system, you can rest assured that your products will be filled quickly and efficiently.

With a power supply of 220V/50Hz, this machine is easy to set up and use. Simply connect it to your power source and you're ready to go. And thanks to its user-friendly interface, you can easily adjust the settings to ensure that your products are filled to the exact specifications that you require.

So if you're looking for a reliable and efficient liquid filling machine that can get the job done right, look no further than the Liquid Filling Machine Series. With its advanced control system, powerful hydraulic system, and user-friendly interface, this machine is the perfect choice for any business that needs to fill and cap 5L barrels of liquid products quickly and efficiently.

#### Applications:

The Liquid Filling And Capping Machine is a high-quality liquid up-filling machinery that is ideal for filling 5L barrels of liquids. The machine comes with a PLC control system, which ensures accuracy and consistency in filling and capping processes.

The Liquid Filling And Capping Machine is a perfect solution for businesses that require pouring and capping systems that can handle high-volume production. The product is designed for easy operation and maintenance, making it an ideal choice for small to medium-sized businesses.

The Liquid Filling And Capping Machine is packaged in a wooden box that ensures safe delivery of the product to the customer. The minimum order quantity for this product is 1, and payment terms are TT. The machine runs on 220V/50Hz power supply, making it ideal for use in most countries.

The Liquid Filling And Capping Machine is suitable for a variety of liquid products, including but not limited to water, juice, oil, and other non-carbonated liquids. The machine is ideal for businesses in the food and beverage industry, pharmaceutical industry, and other industries that require liquid filling and capping systems.

In summary, the Liquid Filling And Capping Machine series is a high-quality product that is perfect for businesses that require efficient and accurate liquid filling and capping systems. The product is versatile, easy to operate, and maintain, making it a perfect solution for small to medium-sized businesses.

#### Customization:

- Brand Name: Liquid Filling And Capping Machine
- Certification: CE
- Minimum Order Quantity: 1
- Packaging Details: wooden box
- Payment Terms: TT
- Suitable For: Liquid Products
- Air Pressure: 0.4-0.6MPa
- Filling Accuracy: Chemical Liquid Filling Machine Series For Water Based Paint Volumetric Liquid Filling Machine
- Product: 5L Barrel Liquid Filling And Capping Machine
- Weight: 2000kg

Our hydraulic liquid filling machines are customizable to meet the specific needs of your business. Contact us today to discuss your requirements.

## Support and Services:

The Liquid Filling Machine Series is a high precision and efficient liquid filling equipment designed to meet the needs of various industries. It is fully automated and can handle a wide range of liquids including water, oil, juice, and chemical products. The machine is equipped with advanced technology that ensures accurate filling, easy operation, and low maintenance. The Liquid Filling Machine Series is available in different models to suit different production needs and can be customized to meet specific requirements. Our technical support team is available to provide assistance with installation, operation, and maintenance of the machine. We also offer repair services, spare parts, and training to ensure optimal performance and longevity of the machine.

## Packing and Shipping:

### Product Packaging:

The Liquid Filling Machine Series product will be packaged in a sturdy cardboard box with foam padding to ensure safe transportation. The product itself will be wrapped in plastic to prevent any damage or scratches during transit. The box will also include a user manual and necessary accessories for installation.

### Shipping:

Orders for the Liquid Filling Machine Series product will be shipped via our trusted courier partners. Shipping fees will be calculated based on the destination and weight of the package. Once the order is shipped, customers will receive a tracking number to track their package. Delivery times may vary depending on the destination, but we strive to deliver the product as soon as possible.

## FAQ:

**Q:** What is the brand name of the liquid filling machine series?

**A:** The brand name is Liquid Filling And Capping Machine.

**Q:** Is this product certified?

**A:** Yes, it is certified with CE.

**Q:** What is the minimum order quantity for this product?

**A:** The minimum order quantity is 1.

**Q:** How is the product packaged?

**A:** The product is packaged in a wooden box.

**Q:** What are the payment terms for this product?

**A:** The payment terms are TT.
