

## Precision Chemical Liquid Filling Machine Series For Water Based Paint Liquid Filling Machine

Our Product Introduction

for more products please visit us on [sg-packs.com](http://sg-packs.com)

### Basic Information

- Place of Origin: china
- Brand Name: SG
- Certification: CE
- Model Number: SG30FY-A
- Minimum Order Quantity: 1
- Price: 10000usd
- Packaging Details: wooden box
- Delivery Time: 30days
- Payment Terms: TT, T/T
- Supply Ability: 1set/week

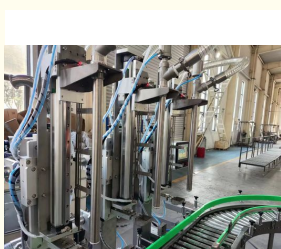

### Product Specification

- Product Name: Precision Chemical Liquid Filling Machine Series For Water Based Paint Liquid Filling Machine
- Suitable For: Liquid Products
- Power Supply: 220V/50Hz
- Filling Accuracy: Chemical Liquid Filling Machine Series For Water Based Paint Volumetric Liquid Filling Machine
- Filling Nozzles: 4/6/8/12
- Control System: PLC
- Weight: 2000kg
- Product: 5L Barrel Liquid Filling And Capping Machine
- Highlight: Precision electric liquid filling machine, electric liquid filling machine Water Based,

## Product Description

### Precision Chemical Liquid Filling Machine Series For Water Based Paint Liquid Filling Machine

#### Product Description:

The Chemical Liquid Filling Machine Series is specifically designed for filling water-based paints. It is a volumetric liquid filling machine that ensures precision and accuracy during the filling process. The machine is capable of filling 5L barrels with ease and efficiency. The Liquid Filling Machine Series is powered by 220V/50Hz, which makes it suitable for use in most industrial settings. The series is equipped with pouring and capping systems, which are designed to improve the efficiency of the filling process. The pouring system ensures that the liquid is poured accurately and without spillage. The capping system ensures that the barrels are sealed tightly to prevent any leakage.

The Liquid Filling Machine Series is suitable for use in a variety of industries. It is ideal for filling liquid products such as paints, chemicals, and other similar products. The machine is capable of handling a wide range of viscosities, making it the perfect choice for businesses that deal with a variety of liquid products.

The Liquid Filling Machine Series is a state-of-the-art liquid up-filling machinery that is designed to simplify the filling process. It is a cost-effective solution that helps businesses improve their productivity and output quality. The machine is easy to operate and maintain, making it a popular choice among businesses of all sizes.

#### Product Parameters

Filling Quantity	≤40kg	Barrel Specification	≤ diameter 300* height 400mm
Filling Index Value	1g, 2g,5g,10g	Filling Speed	8-25pcs/Min
Power	AC380/220 50HZ	Air Supply	0.6 MPa
Weight(kg)	800	Overall Dimension (mm)	2500*1100*2200

#### Applications:

One of the unique features of this liquid filling machine is that it has pouring and capping systems which makes it a complete solution for liquid filling and capping. The machine is designed to handle 5L barrel liquid filling and capping, and it weighs about 2000kg. This makes it a durable and reliable product for any production line.

The Liquid Filling And Capping Machine Series is suitable for various product application occasions and scenarios. It can be used in industries such as food and beverage, pharmaceuticals, cosmetics, and chemical industries, among others. The machine is suitable for filling and capping different types of liquids such as oils, syrups, juice, and other liquid products.

The machine is packed in a wooden box for easy and safe transportation. The minimum order quantity for this product is one, and payment terms are TT. The pouring and capping systems of this machine make it easy to use and maintain, and it guarantees high efficiency in liquid filling and capping.

In conclusion, the Liquid Filling And Capping Machine Series is a highly efficient and reliable product that is suitable for any liquid filling and capping needs. Its hydraulic liquid filling system and pouring and capping systems make it a complete solution for liquid filling and capping. It is suitable for different product application occasions and scenarios, and it comes in different filling nozzles for flexible and precise filling of liquid products.

## Customization:

## Support and Services:

The Liquid Filling Machine Series is a high-quality product designed to meet the needs of various industries. Our technical support and services include:

Installation and commissioning of the machine

Training for operators and maintenance personnel

Regular maintenance and calibration services

24/7 remote technical support

On-site technical support within a reasonable time frame

Supply of spare parts and consumables

We are committed to providing our customers with the highest level of technical support and services to ensure their machines are running at optimal performance.

## Packing and Shipping:

Product Packaging:

The liquid filling machine series product will be packaged securely in a durable cardboard box.

The machine will be wrapped in protective foam to prevent any damage during shipping.

All necessary accessories and user manuals will be included in the package.

Shipping:

The liquid filling machine series product will be shipped via a reputable courier service.

Shipping times may vary depending on the destination, but we will provide tracking information so you can keep track of your package.

Please note that additional fees may apply depending on the destination country's customs regulations.

## FAQ:

**Q: What is the brand name of the Liquid Filling Machine Series?**

A: The brand name of the Liquid Filling Machine Series is Liquid Filling And Capping Machine.

**Q: Is the Liquid Filling Machine Series certified?**

A: Yes, the Liquid Filling Machine Series is certified with CE.

**Q: What is the minimum order quantity for the Liquid Filling Machine Series?**

A: The minimum order quantity for the Liquid Filling Machine Series is 1.

**Q: How is the Liquid Filling Machine Series packaged?**

A: The Liquid Filling Machine Series is packaged in a wooden box.

**Q: What are the payment terms for the Liquid Filling Machine Series?**

A: The payment terms for the Liquid Filling Machine Series are TT.
