Basic Information

- Place of Origin: china
- Brand Name: SG
- Certification: CE
- Model Number: SG30FY-A
- Minimum Order Quantity: 1
- Price: 10000usd
- Packaging Details: woodenbox
- Delivery Time: 30days
- Payment Terms: TT, D/A, D/P
- Supply Ability: 1set/week

Product Specification

- Product Name: Stainless Steel Semi Automatic Filling Volume 5-100ml Capping Machine Bottle Filling And Capping Machine
- Material: Stainless Steel
- Filling Accuracy: $\pm 1\%$
- Air Consumption: $0.1\text{m}^3/\text{min}$
- Air Pressure: $0.4\text{-}0.6\text{MPa}$
- Capping Speed: 20-40 Bottles/min
- Filling Volume: 5-100ml
- Filling Method: Semi-automatic
- Highlight: Stainless Steel semi automatic filling and capping machine
,
5ml semi automatic filling and capping machine
100ml Bottle Filling Capping Machine

Product Description

Stainless Steel Semi Automatic Filling Volume 5-100ml Capping Machine Bottle Filling And Capping Machine

Product Description:

Our Semi Automatic Filling and Capping Machine is made from high-quality stainless steel material, ensuring durability and longevity. It features a capping speed of 20-40 bottles per minute, making it perfect for small to medium-sized businesses. This machine is equipped with a power supply of 220V/50Hz, making it suitable for use in most countries.

Our Semi Automatic Filling and Capping Machine is the perfect solution for companies looking for an efficient and reliable way to fill and cap bottles. This machine is ideal for businesses in the food and beverage industry, as well as those in the pharmaceutical and cosmetic industries.

With our Semi Automatic Filling and Capping Machine, you can enjoy the benefits of an Automatic Filling Machine without the high cost. This machine is designed to be easy to use and maintain, making it perfect for businesses of all sizes.

So why wait? Invest in our Semi Automatic Filling and Capping Machine today and take your business to the next level.

Technical Parameters:

Power Supply:	220V/50Hz
Air Consumption:	0.1m ³ /min
Material:	Stainless Steel
Filling Accuracy:	±1%
Filling Volume:	5-100ml
Capping Method:	Semi-automatic
Air Pressure:	0.4-0.6MPa
Filling Method:	Semi-automatic
Capping Speed:	20-40 Bottles/min

Applications:

This filling capping machine is perfect for filling and capping bottles, jars, and containers with liquid products such as oils, juices, sauces, and creams. It is a semi-automatic liquid filling machine that is easy to operate and maintain.

The filling volume of this machine ranges from 5ml to 100ml, making it ideal for a wide range of products with varying amounts. It also has an air consumption of 0.1m³/min and air pressure of 0.4-0.6MPa, ensuring efficient operation.

The semi-automatic filling capping machine is perfect for small to medium-sized businesses that need to fill and cap a variety of liquid products. It is suitable for use in industries such as food and beverage, cosmetics, and pharmaceuticals.

The machine is designed to handle a variety of containers, including bottles, jars, and containers of different shapes and sizes. This makes it a versatile machine that can be used in a variety of settings.

Overall, the 20L semi-automatic filling capping machine is a reliable and efficient product that can help businesses increase productivity and efficiency when it comes to filling and capping liquid products. Its power supply of 220V/50Hz makes it easy to use in most settings.

Customization:

Customize your semi-automatic capping filling machine with our product customization services. Our Automatic Liquid Filling Machine is CE certified and has a minimum order quantity of 1 unit. The machine operates on a power supply of 220V/50Hz and requires an air pressure of 0.4-0.6MPa with an air consumption of 0.1m³/min. The semi-automatic filling method ensures filling accuracy of ±1%. Get your Can Filling Machine tailored to your requirements and improve your production efficiency.

Support and Services:

The Semi Automatic Filling And Capping Machine is designed to provide reliable and efficient filling and capping solutions for a variety of industries. Our product technical support and services include:

- Installation and commissioning of the machine
- On-site training for operators and maintenance personnel
- Phone and email technical support
- Troubleshooting and diagnosis of issues
- Maintenance and repair services
- Spare parts and consumables supply

We are committed to providing our customers with high-quality technical support and services to ensure maximum uptime and productivity for their operations.

Packing and Shipping:

Product: Semi Automatic Filling And Capping Machine

Description: This machine is designed to fill and cap bottles of different sizes. It has a semi-automatic operation that allows for efficient and accurate filling and capping of products.

Packaging: The machine will be packed securely to ensure safe transportation. It will be wrapped in bubble wrap and placed in a sturdy cardboard box.

Shipping: The machine will be shipped via a trusted courier service with tracking information provided to the customer. Shipping times may vary depending on the destination.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Stainless Steel Semi Automatic Filling Volume 5-100ml Capping Machine Bottle Filling And Capping Machine

Q: Is this product certified?

A: Yes, this product is certified with CE.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1.

Q: Is this machine fully automatic?

A: No, this machine is semi-automatic.

Q: What is the capacity of this machine?

A: This machine can fill and cap containers up to 20 liters in size.
