

## Fully Automatic Filling Machine FC-2000 Model With Screw Cap Capping Automatic Filling And Capping Machine

Our Product Introduction

### Basic Information

- Place of Origin: china
- Brand Name: SG
- Certification: CE
- Model Number: SG1500F-C
- Minimum Order Quantity: 1
- Price: 10000usd
- Packaging Details: wooden box
- Delivery Time: 30days
- Payment Terms: TT, D/A, D/P
- Supply Ability: 1set/week

### Product Specification

- Product Name: Fully Automatic Filling Machine FC-2000 Model With Screw Cap Capping Automatic Filling And Capping Machine
- Capacity: 2000 Bottles Per Hour
- Air Pressure: 0.6-0.8MPa
- Filling Volume: 50-1000ml
- Power Supply: 220V/380V, 50Hz/60Hz
- Capping Diameter: 20-50mm
- Material: Stainless Steel
- Capping Type: Screw Capping
- Highlight: 50Hz filling machine liquid,  
60Hz filling machine liquid,  
Screw Cap machine Stainless Steel

## Product Description

### Fully Automatic Filling Machine FC-2000 Model With Screw Cap Capping Automatic Filling And Capping Machine

#### Product Description:

The FC-2000 model of the Automatic Filling And Capping Machine is made of high-quality stainless steel, which guarantees its durability and longevity. The machine is equipped with a piston filling system that ensures accurate and consistent filling of liquids into bottles. The filling volume can be adjusted easily according to the requirements of the product.

The Screw Capping Type of this filling and capping machine ensures that the bottles are tightly sealed to prevent any leakage. The capping head is adjustable to fit different sizes and shapes of bottles. The machine is also equipped with an automatic cap feeder that ensures a continuous supply of caps during the production process.

The Fully Automatic Filling And Capping Machine is easy to operate, with user-friendly controls that allow for quick set-up and adjustments. The machine is also equipped with safety features that ensure the operator's safety during use.

This Blowing Filling Capping Machine is suitable for filling and capping various types of liquids, including water, juice, oil, shampoo, and more. The Automatic Filling And Capping Machine is an efficient solution that can save time and labor costs while improving the production capacity of your business.

#### Technical Parameters:

Material	Stainless Steel
Air Consumption	0.5m <sup>3</sup> /min
Power Supply	220V/380V, 50Hz/60Hz
Capping Diameter	20-50mm
Filling Type	Piston Filling
Model	FC-2000
Capacity	2000 Bottles Per Hour
Air Pressure	0.6-0.8MPa
Filling Volume	50-1000ml
Capping Type	Screw Capping

## Applications:

This product has a wide range of applications across various industries. Some of the common scenarios include:

**Pharmaceutical Industry:** The Automatic Liquid Bottle Filling Machine is ideal for filling and capping bottles of different sizes with various liquid formulations such as syrups, suspensions, oral solutions, and injectables.

**Cosmetic Industry:** The Automatic Filling And Capping Machine is perfect for filling and capping containers with cosmetic products such as creams, lotions, shampoos, and hair conditioners.

**Food and Beverage Industry:** The machine can efficiently fill and cap bottles with beverages such as juices, soft drinks, and water. It can also handle the filling and capping of sauces, salad dressings, and condiments.

**Chemical Industry:** The machine is suitable for filling and capping bottles with chemicals such as detergents, disinfectants, and other cleaning agents.

The Fully Automatic Filling And Capping Machine has a capacity of 2000 bottles per hour and can handle capping diameters of 20-50mm. It operates using a compressed air pressure of 0.6-0.8MPa and has an air consumption rate of 0.5m³/min.

Overall, the 200L IBC fully automatic multi-functional opening, filling and capping production line is a versatile and efficient machine that can meet the filling and capping needs of various industries. With its reliable performance, it is an excellent investment for any business looking to increase production efficiency and output.

## Customization:

The minimum order quantity for this product is 1 and it comes packaged in a wooden box to ensure safe delivery. We accept TT as our payment term and the Power Supply for our machine is 220V/380V, 50Hz/60Hz.

## Support and Services:

The Fully Automatic Filling And Capping Machine is designed to efficiently fill and cap various types of bottles and containers. Our product technical support and services include:

Installation and commissioning of the machine

Ongoing maintenance and repair services

Training for operators and maintenance personnel

Technical support via phone or email

Supply of spare parts and consumables

Upgrades and retrofits to improve machine performance

Our team of experienced technicians is dedicated to ensuring that your Fully Automatic Filling And Capping Machine operates at peak performance and efficiency, minimizing downtime and maximizing productivity.

## Packing and Shipping:

### Product Packaging:

The fully automatic filling and capping machine will be packaged in a sturdy wooden crate to ensure safe transport.

The machine will be securely fastened and protected with foam padding to prevent any damage during shipping.

The crate will be labeled with the product name, model number, and shipping address for easy identification and tracking.

### Shipping:

The fully automatic filling and capping machine will be shipped via a reliable and reputable shipping carrier.

The shipping carrier will be chosen based on the customer's location and shipping preferences.

The customer will be provided with a tracking number and expected delivery date once the machine has been shipped.

The customer is responsible for any customs or import duties that may apply to the shipment.

## FAQ:

### Q: What is the brand name of this product?

A: The brand name of this product is Fully Automatic Filling Machine FC-2000 Model With Screw Cap Capping Automatic Filling And Capping Machine.

### Q: Is this product certified?

A: Yes, this product is certified with CE. **Q: What is the minimum order quantity for this product?**

A: The minimum order quantity for this product is 1.

### Q: How is this product packaged for shipment?

A: This product is packaged in a wooden box for shipment.

### Q: What are the payment terms for this product?

A: The payment terms for this product are TT.
