

## Multifunctional Fully Automatic Ibc Filling Machine Electric

Our Product Introduction

for more products please visit us on sg-packs.com

### Basic Information

- Place of Origin: CHINA
- Brand Name: SG
- Certification: ISO9001
- Model Number: SG-IBC-10
- Minimum Order Quantity: 1
- Price: 15000USD
- Packaging Details: woodenbox
- Delivery Time: 3months
- Payment Terms: TT, D/A, D/P
- Supply Ability: 10per year

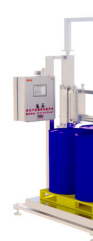

### Product Specification

- Packing Material: Wood Packing
- Bottle Type: Drum, Barrel, Can
- Type: Filling Machine
- Air Consumption: 0.5m³/min
- Function: Filler Water-based Paint
- Voltage: 220V/380V
- Filling Range: 10-50 L
- Powder: Electric
- Highlight: Multifunctional ibc filling machine,  
Fully Automatic ibc filling machine,  
Electric ibc filling equipment

### Product Description

IBC Multifunctional Fully Automatic Bottling Vertica Filling and Capping Machinery Machine for Solvent/Paint/Chemical/Lubricating Oil/Liquid

Our Product

### Product Description:

The IBC Filling Machine is made of high-quality materials, with its material contact parts made of 304 Stainless Steel. This ensures the durability and safety of the machine, with no risk of contamination to the products being filled. Powered by electricity, this IBC liquid dispensing system is easy to operate and can fill bottles of different shapes and sizes. It is specifically designed to accommodate various bottle types such as drums, barrels, and cans, making it versatile and convenient to use. The IBC Filling Machine is perfect for industries in the machinery and hardware sector. Its efficient and reliable performance ensures that your liquid filling needs are met with ease and precision. With the IBC Filling Machine, you can be assured that your liquid dispensing needs are taken care of, making it an essential tool for your industrial operations. Get yours today and experience the convenience and efficiency of this IBC liquid dispensing system.

### Features:

Product Name: IBC Filling Machine  
Application: Machinery & Hardware  
Bottle Type: Drum, Barrel, Can  
Warranty: 1 Year  
Type: Filling Machine  
Voltage: 220V/380V

This IBC Filling Machine is perfect for packaging and dispensing liquids. It can handle various bottle types such as drums, barrels, and cans. It comes with a 1-year warranty and operates on both 220V and 380V voltage. This machine is a great choice for any business that requires an IBC liquid packaging machine or an IBC liquid dispensing system.

### Technical Parameters:

Suitable Materials	IBC
Warranty	1 Year
Bottle Type	Drum, Barrel, Can
Material Contact Parts	304 Stainless Steel
Voltage	220V/380V
Powder	Electric
Packing Material	Wood Packing
Function	Filler Water-based Paint
Filling Range	10-50 L
Type	Filling Machine

### Applications:

With a filling range of 10-50 L, the IBC liquid filling equipment provides a versatile solution for various filling applications. Whether you need to fill large containers or smaller bottles, this machine is the perfect choice for you. The IBC liquid bottling machine is also equipped with advanced features that ensure high accuracy and precision. The machine is designed to fill water-based paint with ease, making it ideal for paint manufacturers and distributors. The IBC liquid dispensing system is built to last, with a robust design that ensures durability and longevity. The machine is also easy to use, with a user-friendly interface that makes it simple to operate. One of the key benefits of the IBC fully automatic open-fill-top filling machine is its wood packing material. This ensures that the machine is well-protected during transportation and ensures that it arrives at your location in perfect condition. With a 1-year warranty, you can be confident in the quality of this machine. The warranty provides you with peace of mind, knowing that if anything goes wrong, you are covered. The IBC fully automatic open-fill-top filling machine is suitable for a wide range of occasions and scenarios. Whether you need to fill paint cans, pails, drums, or other containers, this machine is the perfect solution. So if you are looking for a reliable and efficient filling machine, look no further than the IBC fully automatic open-fill-top filling machine. With its advanced features, versatile functionality, and durable design, this machine is the perfect choice for all your liquid filling needs.

### Customization:

Brand Name: IBC Fully Automatic Open-Fill-Top Filling Machine

Feeding Type: Upon Liquid Surface Filling

Filling Range: 10-50 L

Suitable Materials: IBC

Material Contact Parts: 304 Stainless Steel

Function: Filler Water-based Paint

Upgrade your production line with the IBC liquid bottling machine, designed to efficiently and accurately fill intermediate bulk containers. Our intermediate bulk container filling system is customizable to fit your specific needs, with a feeding type of upon liquid surface filling and a filling range of 10-50 L. The filling machine is suitable for IBC materials and features material contact parts made of 304 stainless steel, ensuring high quality and durability. The machine also functions as a water-based paint filler, making it a versatile addition to your production line. Contact us to learn more about customizing your IBC filling system today!

## Support and Services:

The IBC Filling Machine is designed to fill intermediate bulk containers (IBCs) with various types of liquids, including hazardous chemicals, at high speeds and with high accuracy. Our product technical support and services include:

- Installation and commissioning of the machine
- Operator training and technical support
- Regular maintenance and inspection services to ensure optimal performance
- Spare parts supply and replacement
- Upgrades and customization services to meet specific customer needs

Our team of experienced technicians and engineers are ready to assist you with any technical issues or questions you may have about the IBC Filling Machine.

## Packing and Shipping:

The IBC Filling Machine will be packaged in a sturdy wooden crate to ensure safe delivery. The crate will be lined with protective material to prevent any damage during shipping.

Shipping:

The IBC Filling Machine will be shipped via a reliable and reputable courier service. The shipping cost will be calculated based on the delivery location and will be added to the total cost of the order. The estimated delivery time will be provided upon order confirmation.

## FAQ:

Q: What is the brand name of the filling machine?

A: The brand name of the filling machine is IBC fully automatic open-fill-top filling machine.

Q: Is this filling machine automatic?

A: Yes, this filling machine is fully automatic.

Q: Can this filling machine handle open-top containers?

A: Yes, this filling machine is designed to handle open-fill-top containers.

Q: What is the maximum capacity of this filling machine?

A: The maximum capacity of this filling machine varies depending on the specific model, but it can fill up to 1000 liters.

Q: Is this filling machine suitable for filling liquid or semi-liquid products?

A: Yes, this filling machine is suitable for filling both liquid and semi-liquid products.
