

Hydraulic 5L Barrel Liquid Filling And Capping Machine With 220V/50Hz Power Supply

Our Product Introduction

for more products please visit us on sg-packs.com

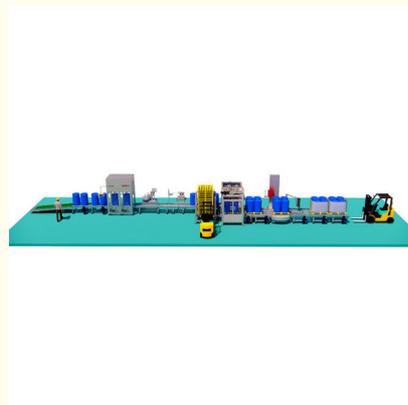

Basic Information

- Place of Origin: CHINA
- Brand Name: Liquid Filling And Capping Machine
- Certification: CE
- Model Number: SG200F-A
- Minimum Order Quantity: 1
- Price: 15000USD
- Packaging Details: wooden box
- Delivery Time: 30days
- Payment Terms: TT
- Supply Ability: 1set/week

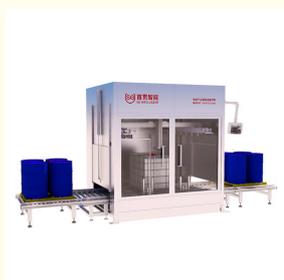

Product Specification

- Filling Nozzles: 4/6/8/12
- Filling Accuracy: Chemical Liquid Filling Machine Series For Water Based Paint Volumetric Liquid Filling Machine
- Weight: 2000kg
- Air Pressure: 0.4-0.6MPa
- Suitable For: Liquid Products
- Control System: PLC
- Power Supply: 220V/50Hz
- Product: 5L Barrel Liquid Filling And Capping Machine
- Highlight: Hydraulic barrel filling machines, 5L barrel filling machines, 220V/50Hz barrel filling machines

Product Description

Product Description:

Our hydraulic liquid filling machines are built with a high-quality pouring and capping system that ensures precision and consistency. The machine is suitable for a wide range of liquid products, including beverages, chemicals, and oils.

The control system of our 5L Barrel Liquid Filling and Capping Machine is operated by a PLC, which allows you to easily monitor and adjust the filling process. The PLC system also ensures that the machine operates smoothly and efficiently, reducing the risk of errors and downtime.

The air pressure required for the machine to operate is between 0.4-0.6MPa, which is standard for most industrial settings. This ensures that the machine can be integrated into your existing production line without any additional modifications.

Our hydraulic liquid filling machines are designed with durability and longevity in mind. The high-quality components used in the construction of the machine ensure that it can withstand the demands of daily use in a busy production facility. The machine is also easy to clean and maintain, ensuring that it remains in top condition for years to come.

In summary, the 5L Barrel Liquid Filling and Capping Machine is an essential tool for any production facility that requires efficient and accurate filling of liquid products. With the option of 4, 6, 8, or 12 filling nozzles, the machine can be customized to meet your specific needs and improve production capacity. The PLC control system ensures smooth and efficient operation, while the high-quality construction ensures durability and longevity. The machine is suitable for a wide range of liquid products and is easy to maintain and clean.

Features:

Product Name: Chemical Filling Machines

Weight: 2000kg

Filling Nozzles: 4/6/8/12

Power Supply: 220V/50Hz

Filling Accuracy: Chemical Liquid Filling Machine Series For Water Based Paint Volumetric Liquid Filling Machine

Suitable For: Liquid Products

Features:

Efficient liquid up-filling machinery

Pouring and capping systems

Accurate liquid up-filling machinery

Technical Parameters:

Product Attribute	Value
Product	5L Barrel Liquid Filling And Capping Machine
Weight	2000kg
Power Supply	220V/50Hz
Filling Accuracy	Chemical Liquid Filling Machine Series For Water Based Paint Volumetric Liquid Filling Machine
Suitable For	Liquid Products
Control System	PLC
Air Pressure	0.4-0.6MPa
Filling Nozzles	4/6/8/12

Applications:

Equipped with 4, 6, 8, or 12 filling nozzles, this hydraulic liquid filling machine can fill up to 2000kg of liquid products, making it perfect for various industries. The Chemical Liquid Filling Machine Series is perfect for filling water-based paints with a volumetric filling accuracy that you can rely on.

This liquid filling and capping machine can be used in a variety of occasions and scenarios. It is perfect for filling and capping systems in the cosmetics industry, pharmaceutical industry, and food and beverage industry. Its versatility and accuracy make it perfect for filling various liquid products.

Whether you are filling shampoo, lotion, or other liquid products, this liquid filling and capping machine is perfect for you. Its accuracy ensures that each bottle is filled to the correct volume, making it a reliable choice for your business.

Order your Liquid Filling And Capping Machine today and experience its reliability and accuracy for yourself. With its CE certification and high-quality design, you can be sure that you are getting a top-of-the-line product that will meet your liquid filling needs.

Customization:

Our Liquid Filling And Capping Machine offers customizable product attributes to meet your specific needs:

Certification: CE

Minimum Order Quantity: 1

Packaging Details: wooden box

Payment Terms: TT

Suitable For: Liquid Products

Power Supply: 220V/50Hz

Control System: PLC

Filling Nozzles: 4/6/8/12

Weight: 2000kg

Our liquid up-filling machinery can be customized with pouring and capping systems to fit your production line. Our hydraulic liquid filling machines can be tailored to meet your unique specifications.

Support and Services:

Our Chemical Filling Machines are designed to provide efficient and accurate filling of various chemical products. We offer technical support and services to ensure that our machines are operating at their best and meeting the needs of our customers.

Our team of experts is available to provide training and assistance with installation, maintenance, and troubleshooting. We also offer preventative maintenance programs to help prevent any issues from occurring and ensure that your machine is always running smoothly. In addition, we offer spare parts and repair services to keep your machine functioning properly. Our goal is to provide exceptional customer service and support to ensure that our customers are satisfied with their investment in our Chemical Filling Machines.

Packing and Shipping:

Product Packaging:

The Chemical Filling Machines will be packaged in sturdy cardboard boxes to ensure safe transportation. Each machine will be secured with foam padding to prevent any damage during shipping.

Shipping:

We offer free shipping to all customers within the United States. International shipping is available at an additional cost. Shipping times vary depending on the destination, but we strive to deliver all orders as quickly as possible.

FAQ:

Q: What is the brand name of the filling machine?

A: The brand name of the filling machine is Liquid Filling And Capping Machine.

Q: Does the machine have any certification?

A: Yes, the machine is CE certified.

Q: What is the minimum order quantity for the machine?

A: The minimum order quantity for the machine is 1.

Q: How is the machine packaged for shipping?

A: The machine is packaged in a wooden box for safe shipping.

Q: What are the payment terms for purchasing the machine?

A: The payment terms for purchasing the machine are TT.
