# Auto IBC Filling Machine Filling Process Waterproof Design Ibc Containers

Our Product Introduction

## Basic Information

- Place of Origin: CHINA
- Brand Name: SG
- Certification: ISO9001
- Model Number: SG1500F-C
- Minimum Order Quantity: 1
- Price: 15000USD
- Packaging Details: wooden box
- Delivery Time: 3months
- Payment Terms: T/T, L/C, D/A, D/P
- Supply Ability: 10per year

## Product Specification

- Product Name: Auto IBC Filling Machine Filling Process Waterproof Design
- Powder: Electric
- Driven Type: Electric
- Application: Liquid, Paste, Granule
- Packing Material: Wood Packing
- Type: Filling Machine
- Filling Material: Coating Paint Liquid
- Control System: PLC
- Highlight: **Auto IBC Filling Machine**, **IBC Filling Machine Waterproof**, **Waterproof Ibc Containers**

## Product Description

# Auto IBC Filling Machine Filling Process Waterproof Design

"Waterproof Filler Auto IBC Filling Machine With Roller Conveyor" is an automated IBC filling machine with waterproof design and equipped with a roller conveyor system. Here's a brief introduction to the product:
Key Features: Automatic filling, waterproof design, roller conveyor system, precise measurement, automatic control, etc., suitable for filling various liquid products into IBC containers.
Application Areas: Primarily used in industries such as chemicals, food and beverages, pharmaceuticals, coatings and paints, fertilizers, and pesticides, suitable for filling various liquid products.
Advantages:
1. Waterproof Design: Ensures no liquid spills or leaks during the filling process, ensuring equipment safety.
2. Automated Filling: Increases production efficiency and quality stability without manual intervention.
3. Roller Conveyor System: Facilitates the movement and positioning of IBC containers, making the filling process smoother.
4. Precise Measurement: Ensures that the quantity and weight of products in each IBC container meet requirements, avoiding waste and inaccuracies.
-Applications: Suitable for filling various liquid products such as chemical solutions, food and beverages, pharmaceutical formulations, coatings and paints, fertilizers, pesticides, etc., widely used in industrial production and logistics.
This product is designed to provide a safe, efficient, and accurate solution for filling liquid products, suitable for various industrial environments and liquid filling needs.

## Product parameters:

| | | | |
|---|---|---|---|
| Filling Quantity | ≤2000kg | Barrel Specification | ≤ diameter 1200* height 1200mm |
| Filling Index Value | 1g, 10g , 20g | Filling Speed | 130-200Kg/Min |
| Power | AC380/220 50HZ | Air Supply | 0.6 MPa |
| Weight(kg) | **1200** | Overall Dimension (mm) | 4000*1300*1800 |

**Function:**

- Instant working status indication and clock display
- Digital set input weight, multiple formulations stored
- Tare weight detection start a full range of bucket filling
- Gross/net weight (automatic peeling per barrel) filling method
- Automatic zero tracking, bucket quantity and weight accumulation
- Start automatically reset, power protection device
- Emergency stop protection device
- The factory settings can be restored by wrong operation
- With fault detection function, easy maintenance
- Flexible movement, explosion-proof configuration, simple operation
- Weight error automatic correction

**About us:**

FAQ:

1.Who are we?
We are a professional filling machine manufacturer.

2. How can we guarantee quality?
Always a pre-production sample before mass production;
Always final Inspection before shipment.

3.What can you buy from us?
Filling machine of various specifications : 5L/10L/20L/200L/IBC.
